

Street Equipment Operator II

Dept/Div: Street/N/A

FLSA Status: Non-Exempt

General Definition of Work

Performs intermediate manual work operating heavy and other specialized equipment in the repair, maintenance, and building of City streets and roads, and related work as apparent or assigned. Work is performed under the moderate supervision of the Street Superintendent.

Qualification Requirements

To perform this job successfully, an individual must be able to perform each essential function satisfactorily. The requirements listed below are representative of the knowledge, skill and/or ability required. Reasonable accommodations may be made to enable an individual with disabilities to perform the essential functions.

Essential Functions

Performs scheduled maintenance and repairs on City streets; builds new roads as needed.

Operates assigned heavy machinery and equipment including but not limited to: dump truck, backhoe, skid, steer pneumatic roller, steel wheel roller, rubber tire loader, and street sweeper, and other related equipment.

Performs general cleaning/maintenance tasks necessary to keep vehicles, equipment, and tools in operable condition.

Uses assigned hand tools and other equipment as required.

Checks vehicles and equipment daily to insure safe operation; reports unsafe conditions and equipment problems to the supervisor.

Knowledge, Skills and Abilities

General knowledge of the use of common hand and specialized power tools required in the work; general knowledge of materials, methods and practices essential to maintenance and repair of streets and related facilities; general knowledge of the maintenance methods and practices as applied to street construction, maintenance and repair; general knowledge of hazards and safety rules and precautions in heavy equipment operation; general knowledge of traffic laws, ordinances and rules involved in equipment operation; general knowledge of safe, efficient operation of assigned equipment and observance of traffic laws and regulations; general knowledge of street layouts and routes; skill in the use of equipment to which assigned; ability to express technical ideas effectively both orally and in writing; ability to perform manual labor for extended periods, often under unfavorable weather conditions; ability to read and comprehend simple instructions; ability to establish and maintain effective working relationships with associates, supervisors, other departments, and the general public.

Education and Experience

High school diploma or GED and moderate experience in public works maintenance/construction, or equivalent combination of education and experience.

Physical Requirements

This work requires the frequent exertion of up to 25 pounds of force and occasional exertion of up to 100 pounds of force; work regularly requires speaking or hearing, frequently requires standing, walking, lifting and repetitive motions and occasionally requires sitting, using hands to finger, handle or feel, climbing or balancing, stooping, kneeling, crouching or crawling, reaching with hands and arms and pushing or pulling; work has standard vision requirements; vocal communication is required for expressing or exchanging ideas by means of the spoken word and conveying detailed or important instructions to others accurately, loudly or quickly; hearing is required to perceive information at normal spoken word levels; work requires visual inspection involving small defects and/or small parts, using of measuring devices, assembly or fabrication of parts within arm's length, operating machines, operating motor vehicles or equipment and observing general surroundings and activities; work regularly requires working near moving mechanical parts and exposure to outdoor weather conditions, frequently requires exposure to

Street Equipment Operator II

vibration and occasionally requires working in high, precarious places, exposure to fumes or airborne particles and exposure to the risk of electrical shock; work is generally in a loud noise location (e.g. grounds maintenance, heavy traffic).

Special Requirements

Possession of Traffic Flagger Training and Certification valid in the State of Texas upon hire.
Valid commercial driver's license in the State of Texas.
